LOST IN THE DEEP.

The Roumania Wrecked With All on Board.

Over 100 Persons Drowned Off the Coast of Portugal.

Lisbon, Oct. 28.—The British steamer Roumania was wrecked at the mouth of the Arelio river, near Peniche. Of those on board 113 were drowned and only nine were saved. The Roumania had 55 passengers and a crew numbering 67. The nine persons saved from the wreck have been given a shelter in a hospital in the neighborhood of Peniche.

The Roumania's captain and pilot are among the lost. Large quantities of wreckage are washing ashore all along the neighboring coast.

The Roumania was an iron screw steamer of 3,387 tons, belonging to the Anchor Line and plying between Liverpool and Bombay. She sailed from Liverpool and Bombay on Oct. 22. Her length was 364 feet, breadth 38 feet and depth 28½ feet, and she was built at Glasgow in 1880. Peniche, near where the Roumania is reported to have been wrecked, is a fortified town of Portugal on the Atlantic Ocean about 50 miles north of the mouth of the Tagus.

Poisoned Seventeen Women.

London, Oct. 27.—Dr. Neil Cream has confessed to Mr. Waters, his counsel, that from 1873 to 1881, when Cream was arrested in Chicago he had poisoned 17 women. He used them first to allure rich men for the purposes of blackmail, then slowly killed them so that they should not bear witness to his guilt. Canada was the most profitable field of his operations. He so managed that nobody ever suspected his victims had not died of natural causes. Mr. Waters said Cream described to him minutely the girls murdered and gave his devices to avoid detection. He has an immense number of letters from people who have been blackmailed.

"He fairly made every hair on my head stand on end," said Mr. Waters this evening. "His story was startling beyond anything I have ever before heard."

A medical expert who has examined Cream says that he suffers undoubtedly from syphilis.

Something Like It.

St. Louis, Mo., Oct. 28.—George C. Smith, assistant general manager of the Missouri Pacific railroad company, has sent \$10,000 to the families of the men who were killed in the affray with the Daltons at Coffeyville, Kan.

Is The Force Bill An Issue?

The following is clipped from the National Republican, a negro Republican journal published at Washington, D. C. The paper is an aggressive supporter of Mr. Harrison and the republican party. Its publication met with the approval of the white republicans and we give it in full:

With the Loede national election law in full force in the south and the various Democratic strongholds up North, we may confidently look for a different state of political affairs than now exists. New York City will then return several Republican Congressmen that at present, while more than 20 negro Representatives from the South will render the Republican control of the future congress safe and secure.

Heavy taxes should be laid upon the property of the whites to develop and extend the public school system of these states. Separate schools for the two races should be abolished and the plan of bringing the youth of both colors into close and equal relation in schools and churches giving a fair trial as one of the most potent elements to break down the detestable Bourbonism of the South. The statute against the intermarriage of the races should be repealed, and any discrimination against the blacks in the matter of learning trades or obtaining employment should be a criminal offense—while the colored man's rights to hold office should be sacredly protected and recognized. A few years of this policy will solve the problem satisfactorily.

The most ingenious realities of this life are unquestionably the offspring of some imaginative mind that wanders through a maze of impracticabilities, resulting eventually in an untold blessing to humanity.

A reality that is the delight and wonder of the present age is the sewing machine, and the degree of perfection to which it has recently been brought under the management of the Davis sewing machine company, realizes the brightest dreams of the most sanguine inventors. The new vertical feed, possessed by the Davis alone, places it above all competitors.

Though frequent editorial mention of this machine has been made in these columns, and attention called to its merits and advantages almost weekly for months past, we doubt if yet our readers have any adequate conception of the improvements possessed by this model of machines. For excellence of workmanship, simplicity of construction, and durability it has no equal.

COL. STONE'S HOME COUNTY.

It Will Give Him a Plurality of 1,700 and a Majority of 1,100. To the Editor of the Republic.

Nevada, Mo., Oct. 28.—I see it frequently stated in the Kansas City Journal, Sedalia Gazette, and the republican press at Springfield, Carthage, Lamar and other towns, that Col. Stone will run 500 votes behind Mr. Cleveland in Vernon county and that Warner will beat him in Nevada, his home.

Permit me to say through your columns to the democracy of the state that this is all "bosh"—Republican lies circulated for political effect. There is not a scintilla of truth in these reports.

I have had my hand on the political pulse of Vernon County for the past 90 days and I say to the democrats of the state and all others that W. J. Stone will carry by a handsome plurality every ward in the city of Nevada and every precinct in Vernon County and will defeat Major Warner by 1,700 plurality in Vernon County and have a majority of 1,100 over all opposition in the county. There will be probably 15 democrats in Vernon County out of a total of 4,000 who will not vote for Col. Stone, but for this loss he will receive 75 Republican votes. Have no fears for Vernon. She will do her duty.

Frank P. Anderson,

Chairman Democratic Central Committee of Vernon County.

TANNER GIVES IT UP.

He Says New York and Indiana Will Surely Go Democratic.

Minneapolis, Minn., Oct. 27.—Democrats of this city are in great glee to day over a letter written by Corporal Tanner to a leading Minnesota banker who until recently was one of the stalwarts of the republican party. Having become a mugwump, the banker showed the tearful wail to some of his democratic friends, and the news is now all over town. Mr. Tanner appealed to the banker to use every means in his power to save Minnesota to the party as both New York and Indiana were as sure to go democratic as the sun was to rise on the 8th of November. He said the party was going to try to save itself by getting the votes of Connecticut and West Virginia and holding the northwest in line.

Consider the Reasons.

Ex-Speaker Reed complains that the democrats are a "party of fault-finders."

Concede it. But consider what reasons the republican party has given them for fault finding.

Under the rule of Speaker Reed it legislated by fiat and unseated law fully elected democratic representatives out of pure partisan wantonness.

It has squandered a surplus of \$100,000,000 and mortgaged the excessive revenues for years to come.

It has raised the taxes on the necessities of the people.

It has prostituted the public services to scandalous partisan uses.

It has rewarded rascals and protected rogues who helped it to gain power.

It has inflated the currency with paper representatives of 65-cent dollars, thereby robbing labor and threatening capital.

It has menaced the country with a law for controlling the elections of the people by force and fraud.

And it is now seeking to retain power by the most unblushing bribery and corruption ever practiced in an election in this country.

Is it any wonder that the democrats find fault? Can they as patriots do less than concentrate their protest into one tremendous kick on the 8th of November?—World.

President Cleveland's pension record can be summed up in a few words. He paid out more money by \$70,000,000 than had been paid out during the previous administration of Garfield and Arthur, he signed more private pension bills than all the republican presidents put together from Lincoln to Arthur, and the republicans when they had the power under Harrison did not dare to pass bills which Cleveland vetoed for good and sufficient reasons. As General Sickles says: "He deserved for his vetoes the thanks of every honest and deserving soldier."—Re public.

A vote for Warner is a vote in favor of a force bill and high tariff. A vote for Leonard is a half vote for the force bill and high tariff. Vote for Stone, because then you cast your vote against the force bill and high tariff.—Sheldon News.

No Populist Need Apply.

Warsaw Times, [Republican.]

It seems that Mr. Atkeson, the people's party candidate for judge of this 29th judicial circuit has succeeded by the circulation of petitions throughout the district in securing a place on the republican ticket, notwithstanding the republican executive committee of this and Mr. Atkeson's own county refused to endorse him.

Who is Mr. Atkeson, and upon what conditions does he base his claims for being entitled to the support of the party whose principles he repudiated two years ago? We believe that he is a lawyer by profession.

Mr. Atkeson says, so we are informed, that he left the republican organization because it was corrupt—in other words he was too pure for his party—a very natural condition for a man to be in who is a chronic office seeker, after the party has refused to favor him with a position his ability does not merit. And now for him to step forward and ask the members of that "corrupt party" to help boost him into power by their votes is, in our opinion, the concentration of absurdity and cheekiness that would put the blush of shame on a government mule.

As before stated, the Times has no word of approval for the blatant office seekers who are constantly bewailing the deplorable condition of the country under its present management when it is so evident that their hypocritical interest is born of an insatiable desire for the spoils of office, and are moved to tears—crocodile of course—at the impending crisis that is about to burst upon the country if this "corrupt party" is longer retained in power, and like the grocer sacking his sugar, while censuring his neighbor for watering his molasses, cries "stop thief." And yet this modern Joseph appeals to this "corrupt party" for help.

We are free to admit that a reform is need throughout the nation—not a political or financial reform but a moral, and must be inaugurated in the home circle, and not by chronic growlers and calamity shriekers who have joined the soap-bubble party for the "five loaves and two fishes" only, and care not a picayune who sinks though they swim.

The republicans would much prefer to support a man whom they have looked upon heretofore as a "foeman worthy of their steel," as Judge Lay has proved himself to be for they know where he stands and what to expect from him, rather than endorse the candidacy of a man who, in this favored land, where a merciful God has supplied us with a plenty, if we will only work for it, hopes to secure office by fanning discussions, and creating discussions in the party whose suffrages he now seeks, and crying calamity, calamity, when there was no calamity. It savors of a little too much gall for us.

Since the above was put in type we have received the number of the names attached to the petition of Mr. Atkeson which are as follows: Bates county, 141; St. Clair, 76; Henry, 1, and Benton, 0.

That Constitutional Amendment.

At the approaching election next month the citizens of the state will be called upon to vote on an amendment to the constitution which is intended to enable cities having organized fire departments to provide funds for the relief of disabled firemen or the helpless widows and children in case of death. The measure met with the unanimous approval of the legislature and, so far as we know, has met with no opposition from any source, and it is evident that it will be adopted if the newspapers of the state will explain its meaning to the voters.

The amendment does not authorize an increase of taxation and it can only be made to apply to cities having an organized fire department.

As matters now stand, the cities have no authority to preserve funds for the relief of disabled firemen or the helpless families of firemen who are killed in the discharge of their duties. Many of the cities are anxious to provide such funds, and enable them to do so the legislature submitted the amendment referred to. In no respect can this amendment be made to affect people living outside of such cities, consequently the country voters can give it their

support, knowing full well that, while it does not affect them, yet its adoption will enable the cities to provide for a worthy class of men who are ever ready to risk life and limb to protect other people's property. The amendment will not meet with any opposition in the cities to be affected, and it will only be defeated in the event that the people do not understand its meaning and construe it to mean an additional tax cleverly disguised.—Jefferson City Tribune.

Double Branch Items.

Weather cool and cloudy. Considerable sickness in this neighborhood. Farmers say the potato crop is very light this year. Nellie Bently has about recovered. Some strangers moving in our neighborhood. The sale of Mr. Bomar was well attended; stock sold well. Mr. Showalter of Rich Hill, was visiting his brother last Sunday. Mr. Henry Nafus is some better at present. Be sure and attend the democratic rally at Rich Hill Thursday. William Miller, a highly respected citizen, died at his home seven miles southeast of Butler, on Friday night, of pneumonia fever. He was laid to rest in Oak Hill cemetery. Mr. Eckles is reported some better. Ida Padley is still very sick. Nora Laskey is no better. Rev West preached to a large and appreciative audience at Double Branch. Mr. Ed Hall is making improvements on his house. Some of the old batchelors are talking of buying them a farm in this neighborhood. Miss Cora Betz of Butler, and Mrs. Jas. Lane of Mt. Zion, attended church at Double Branch on last Sunday. Miss Nafus is attending the bedside of her father, who is very sick at Nevada. The many friends of Mr. Utley will be glad to know that he is slowly improving. Wm Cassidy was in this neighborhood a few days ago buying stock. Rev Miller will return to his home in a few days. Mr. Joe Baker was out working the roads last week. Charley Frost of Deepwater township, was visiting at the home of Mr. Bently on last week. Charley Thomas of Kansas, who is attending school at Butler, was visiting at Cyrus Requa's last Saturday.

Should Maj. Warner become governor of Missouri he would change the mossback methods, eh?

Well, at the present time Missouri bonds command a higher premium in the market than the bonds of any other state; we don't want that changed then, do we?

Missouri has a larger public school fund than any republican state in Union; we don't want that changed either do we?

Missouri has as low a rate of taxation as any state in the Union; bless your souls I know you don't want that changed, it is needless to ask you.

Missouri has as many (proportionately to her population) and as creditable eleemosynary institutions as any other state in the Union, it wouldn't be wise to change that, would it?

Missouri has as clean and as economical an administration as any state in the Union; even Maj. Warner has never dared to dispute that. Then we don't need any change at all, do we?

No, Mr. Warner, we can't afford to hazard all these good things just because you have seen fit to call us moss-backs.—Dade Co. Advocate.

Senator Hill on the Ticket.

From his speech in Tammany Hall.

What shall I say for the democratic candidates—Cleveland and Stevenson? They both answer the Jeffersonian standard of fitness; both have been satisfactorily tested in the public service, and both represent the cherished principles of our party in this campaign, and are entitled to your suffrages. Ex President Cleveland needs no eulogy at my hands. His administration—dignified, honest and able—has safely withstood the popular criticism, has passed into history and reflected credit upon the country. His reelection will not only be a personal triumph, but will also be the vindication of our principles and the triumph of the democratic party.

SCRATCHED 3 YEARS

Suffered, Scratched, and Bled. Doctors No Relief. Cured by Two Sets Cuticura Remedies.

I wish to express my thanks for the benefit I have derived from using CUTICURA REMEDIES. Nothing like them was ever manufactured. For three years I have suffered with a sore head. I would break out all over my head with pimples which would form a watery matter, and I finally made up my mind to try your CUTICURA REMEDIES, with result entirely satisfactory to me. After using two sets of CUTICURA REMEDIES, I am entirely cured. I have recommended your remedies to several persons, and they all tell me that they are No. 1. Our daughter is doing a nice business in CUTICURA REMEDIES, since my cure. I have given him the privilege of using my name as proof of their efficiency. I enclose my portrait.

A. F. GRAMM, Photographer, Mt. Heron, Mo.

My wife has been troubled with the salt rheum for four years. During this time doctors of various kinds, locally, and the most eminent doctors in Chicago, failed to give relief. I bought the CUTICURA REMEDIES, and used only one box of CUTICURA, CUTICURA SOAP, and half a bottle of the CUTICURA LINIMENT, and these have cured my wife completely.
